## Action Taken Report

A general feedback on overall teaching was taken from outgoing students in 2023-24. Teachers' feedback was also taken on syllabus, infrastructure, and class management etc.

Analysis on students' feedback reveals that the students are quite satisfied with their teachers and the way of teaching. A few students expressed their grievances which we have to take care. Based on the teachers' feedback the following actions are suggested:

1. Classes should be more interactive; more students centric methods such as experiential learning, participative learning and problem solving methodologies should be used to get more regularized attendance of the students.
2. All DICs are requested to prepare a list of required books. They are also encouraged to develop a Departmental library.
3. Parent-teacher meeting should be more regularized.
4. As our institution has digital library facility, the librarians are requested to conduct orientation classes for the students as well as the teachers to avail the library facilities online.
