The objective of the College is to enhance the following:

- 1. To fortify the teaching infrastructure, efforts will be directed towards modernising and upgrading classrooms. Implementation of smart classrooms in a minimum of 60% of the rooms is planned, along with the provision of essential equipment and instruments for laboratories.**
- 2. The college is committed to enhancing its student support mechanisms, building upon the initial steps taken with remedial teaching programs. These initiatives will be more comprehensively organized. Given the diverse nature of our classrooms, it is essential to respond creatively to nurture these variations. The college is dedicated to establishing an inclusive and equitable environment for the entire student community.**
- 3. The College aims to pursue the establishment of new positions for both teaching and non-teaching staff. While this process is predominantly contingent upon the Department of Higher Education, the institution remains committed to bolstering these efforts.**
- 4. Initiatives are being undertaken to introduce the postgraduate courses.**

- 5. Implementation of staff development programmes is being carried out.**

- 6. The College will assess the possibility of offering additional short-term courses focused on enhancing employability and skill development. These courses aim to equip students with the necessary skills to support their entrepreneurial endeavours.**

- 7. Initiatives are being undertaken to construct the auditorium and install the lift.**

- 8. The IQAC members will guarantee the continuation of efforts to foster a green ethos.**
