- All participants will receive a certificate upon feedback submission.
- Registration fee Rs. 20/- required and it is mandatory.
- Program will be organized in College Premises.

## Mushroom Cultivation and Vermicomposting

About the Course	Target Students	Program plan
<p>Nowadays, mushroom cultivation is the most productive and profitable business in India. It is getting popular gradually in India because, in a short time, it converts farmers' hard work into profit. Farmers use mushroom cultivation is a process in India as an alternate source of money. Mushrooms are tasty to eat and also healthy and nutritious. Mushroom is a good source of easily digestible vegetable proteins for baby and aged persons.</p> <p>The need of good quality organic manures is gradually increasing in present day farming. Vermi uses different types of organic substances as their food and quickly converts into high quality organic manure called vermicompost.</p> <p>Vermicomposting is now becoming popular and profitable business in India. It is getting popular gradually in our surrounding villages in a short time</p> <p>The objective of the program is to motivate and enhance the skill of students on mushroom cultivation and vermicomposting technology. This program will help students to become self-employed.</p>	<p>Students of Sonamukhi College, especially Biological Science, NSS Volunteers &amp; ECO Club Members of Sonamukhi College</p>	<p><b>12.12.2024:</b> Inauguration (11.00 AM) <b>Mushroom Cultivation</b> Presentation (11.30 AM-12.30 PM) Tiffin Break (12.30 PM – 01.00 PM) Training (01.00 PM – 03.00 PM)</p> <p><b>13.12.2024:</b> <b>Vermicomposting</b> Presentation (11.30 AM-12.30 PM) Tiffin Break (12.30 PM – 01.00 PM) Training (01.00 PM – 03.00 PM)</p>
